

Storage Hangar

# Atlantic Aviation Services

Sun Valley, ID

Design and construction of a 28,000 SF Storage Hangar with a 2,600 SF Lean-to. The Lean-to support space includes five individual offices with a lobby space. Additionally, the lean-to includes a shop work area with general storage space and a parts room. The project includes a snowmelt boiler system for the aircraft ramp area.

**Project Type:**  
Storage Hangar

**Location:**  
Sun Valley, ID

**Services:**  
Architecture/Construction

**Project Delivery:**  
Design/Build
