

Storage Hangar

Sheltair Aviation Services

Broomfield, CO

Design/Builder for two Storage Hangars at Rocky Mountain Metropolitan Airport. Hangar A includes a 31,000 SF Hangar and 4,400 SF Lean-to containing tenant office spaces and a fire protection equipment room. Hangar A was constructed concurrently with an FBO for the same client on the campus. Hangar B is abutted directly to Hangar A and includes a 29,000 SF Storage Hangar and a 6,200 SF Lean-To containing tenant office spaces, break room, fire protection equipment room and includes a parking canopy for seventeen vehicles. Combined, construction of the two storage hangars include 100,000 SF of aircraft ramp paving, and 31,000 SF of vehicle parking paving.
