

Corporate Hangar

# Children's Health

Dallas, Texas

The project consists of a 15,360 SF aircraft storage hangar with a 18,745 SF, two-story office/support space. The first floor of the office/support space includes fixed wing and rotor office suites, a shared shop space, equipment storage space, and an open office area. The second floor includes two general open office suites, conference room, lecture room, locker room, and an employee break room. The project includes a 66 stall parking lot with a 9,500 SF parking canopy, for 15 ambulance and a vehicle wash bay. The project includes 30,000 SF aircraft ramp paving adjacent to the hangar and 53,500 SF taxiway paving.
