

Paint & Completions Hangar

# Elliott Aviation

Moline, IL

This 59,300 SF Paint and Completions facility is designed to maximize the client's service areas, enabling an expansion into a larger size aircraft market. It also provides optimally located and proportionally sized support shops to facilitate efficient production and growth. A state-of-the-art down draft aircraft paint bay is also incorporated in to the design. The facility includes an 8,840 SF drive through downdraft Paint Bay, a 9,950 SF Sand/Strip Bay, a 17,120 SF Completions Bay and 23,400 SF of shop/office/storage space.
